**DETAILED ACTION**  
**EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Steve Cha on 7/21/2006.

The application has been amended as follows:

**To claim 1:** Changes are shown below

~~(d)~~(c) forming a trench by etching the semiconductor substrate exposed by the window adjacent to the first mask pattern-; and

~~(e)~~(d) growing the semiconductor layer having a trapezoidal shape by MOCVD on the semiconductor substrate exposed by the first window and the ~~window~~trench adjacent to the first mask pattern.

**To claim 3:**

In claim 3, line 5, delete "-a number"

***Allowable Subject Matter***

**Claims 1-5 & 7-10 are allowed.**

The following is an examiner's statement of reasons for allowance: The primary reason for allowance of the claims is that inclusion of the limitation "forming a trench" by the window adjacent to the 1<sup>st</sup> mask pattern, specifically before growing the semiconductor layer by MOCVD, in all the claims which is not found in the prior art references.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
